

Where are our Clients Finding Successful Placements?

Our participants find employment across a variety of industries with the help of our dedicated staff. These industries include food service, cleaning and maintenance, customer support, warehouse and logistics, mail and administrative support, manufacturing and production, as well as many other occupational fields. This broad range ensures that individuals are connected to opportunities that align with their skills and career goals.

What is Employment Support Services?

ViaQuest Day and Employment Services works closely with individuals to create authentic employment paths to assist with better preparing them for their future by meeting employment goals. We offer recommendations on how to create and enhance their transitions through education, business development, and community work experiences. ViaQuest is an employment provider for Opportunities for Ohioans with Disabilities (OOD). We also provide Career Planning and Individualized Employment Supports through the Local County board of Developmental Disabilities offices.

Why Choose Us?

The ViaQuest Employment Services Department is dedicated to helping individuals find, obtain, and maintain meaningful, competitive employment through individualized support, job training and placement assistance.

Proven Long-Term Employment Outcomes

41.82% of clients served in 2024 obtained long-term employment, demonstrating the effectiveness of our support.

Consistent, Ongoing Support for Sustained Success

Our clients benefit from a longer median length of service than the state average, giving us more time to ensure lasting employment outcomes.

Higher Client Satisfaction

We maintain a 98% satisfaction rate, reflecting the quality and impact of our personalized services.

Competitive Wage Opportunities

We help clients secure jobs that offer higher pay than the state average, promoting financial stability and independence.

Inclusive Success Across All Impairment Categories

Our clients achieve successful, long-term employment regardless of their OOD impairment category, highlighting our inclusive and individualized approach.
